THE PIPE VISE™ STORY

As former tradesmen, the founders of Pipe Vise™ know firsthand how demanding the field can be. After years of struggling with two pipe wrenches, the father/son team knew there had to be a better way. They started by manufacturing one product - the Bigfoot - which eliminated fumbling and chewed up fittings, a problem faced by so many in the trade for years: The Bigfoot almost literally offered a much needed third hand.

With the success of the Bigfoot, the Texas-based company expanded their product line by continuing to manufacture other innovative portable pipe vises and pipe wrenches. The Pipe Vise™ brand gained a significant trade following on social media for its innovation and relentless dedication to high quality. Pipe Vise™ has quickly become a brand that plumbers and mechanical contractors trust for the toughest jobs.

PARTNERING WITH SUPCO

The demand for Pipe Vise™ products in the field has led to a notable uptick in interest from wholesale distributors. As the Exclusive Master Distributor of Pipe Vise™ Products for the HVACR and Plumbing Markets, SUPCO is making it easier and more convenient than ever to offer these highly sought after products to your customers. You can now bundle Pipe Vise™ products with your other SUPCO purchases.

BIGFOOT

1.5" CAPACITY PORTABLE STEEL PIPE VISE

The Bigfoot is the original portable Pipe Vise™. The spring loaded jaws grip everything from pipes, fittings, and valves all the way to nuts, bolts, and hydraulic lines.

The generous footprint on the Bigfoot offers great stability when assembling piping and fittings. While not as lightweight as the Bigfoot Ultralight, the Bigfoot's sturdiness makes it ideal for working with heavier/more awkwardly shaped parts.

P/N: PV01

CAPACITY:

- Intended for use with wrenches up to 14" in length
- Minimum: 1/8" Pipe
- Maximum: 1.5" Pipe and 1" fittings

FEATURES:

- Heavy duty steel body offers a solid base when wrenching on awkwardly shaped parts
- Weight: 7lbs
- Patent pending spring-loaded Double-V jaws rapidly adjust to any pipe size within capacity in seconds
- Non-skid rubber feet secure the tool during operation and prevent marring
- Quick change jaws allow for replacement of top and bottom jaws in under 5 minutes with basic tools

APPLICATIONS:

- Assembly and pre-fabrication of pipe, fittings, and valves
- Medium duty disassembly
- Soldering

P/N: PV02

BOSS

2" CAPACITY PORTABLE STEEL PIPE VISE

The Boss is ideal for breaking loose stubborn old pipe/fittings. The all steel body and forged jaws of the Boss offer the perfect blend between heavy duty and portability. If you plan on really wrenching down on tough pipe/fittings, we suggest this unit.

CAPACITY:

- Intended for use with wrenches up to 18" in length
- Minimum: 1/8" Pipe
- Maximum: 2" Pipe and 1.5" fittings

FEATURES:

- All steel construction
- Weight: 9lbs
- Increased length (17") allows for maximum leverage
- Comfort grip handle
- Quick change jaws allow for replacement of top and bottom jaws in under 5 minutes with basic tools
- Patent pending spring-loaded Double-V jaws rapidly adjust to any pipe size within capacity in seconds
- Non-skid rubber feet secure the tool during operation and prevent marring

APPLICATIONS:

- Assembly and pre-fabrication of pipe, fittings, and valves
- Heavy duty disassembly
- Soldering

P/N: MV02

BOSS MOUNTABLE

2" CAPACITY MOUNTABLE STEEL PIPE VISE

The MV02 is a mountable unit. It can be attached to a work table, a bumper, or even a wall for easy access. Think of the MV02 as the mountable version of the Boss. It is ideal for breaking loose those stubborn old pipe/fitting connections that are too tough to break loose with two pipe wrenches.

CAPACITY:

- Intended for use with wrenches up to 14" in length
- Minimum: 1/8" Pipe
- Maximum: 2" Pipe and 1.5" fittings

FEATURES:

- All steel construction
- Weight: 3.12lbs
- Heavy duty mounting bracket
- Quick change jaws allow for replacement of top and bottom jaws in under 5 minutes with basic tools
- Patent pending spring-loaded Double-V jaws rapidly adjust to any pipe size within capacity in seconds

APPLICATIONS:

- Assembly and pre-fabrication of pipe, fittings, and valves
- Medium duty disassembly
- Soldering
- Perfect for mounting to trucks, trailers, and service carts

P/N: MV05

BIG BOY MOUNTABLE

5" CAPACITY MOUNTABLE STEEL PIPE VISE

The MV05 is a mountable unit. It can be attached to a work table, a bumper, or even a wall for easy access. Think of the MV05 as the mountable version of the Big Boy. It is ideal for breaking loose those stubborn old pipe/fitting connections that are too tough to break loose with two pipe wrenches.

CAPACITY:

- Intended for use with wrenches up to 36" in length
- Minimum: 1" Pipe
- Maximum: 5" Pipe

FEATURES:

- Heavy-duty steel body and hardened steel jaws
- Weight: 22 lbs
- 1" thick steel base with mounting holes
- Extra heavy-duty spring for maximum clamping strength
- Patent pending spring-loaded Double-V jaws rapidly adjust to any pipe size within capacity in seconds
- Quick change jaws allow for replacement of top and bottom jaws in under 5 minutes with basic tools

APPLICATIONS:

- Assembly and pre-fabrication of pipe, fittings, and valves
- Heavy Duty disassembly of pipe, fittings, and valves

P/N: APV01

BIGFOOT ULTRALIGHT

1.5" CAPACITY PORTABLE ALUMINUM PIPE VISE

Weighing in at 2lb, 12oz, the Bigfoot Ultralight is the lightest and most portable pipe vise ever. It can fit perfectly in almost any tool bag. The spring loaded jaws grip everything from pipes, fittings, and valves all the way to nuts, bolts, and hydraulic lines.

The compact lightweight design makes this unit the ideal tool for installation and assembly.

CAPACITY:

- Intended for use with wrenches up to 14" in length
- Minimum: 1/8" Pipe
- Maximum: 1.5" Pipe and 1" fittings

FEATURES:

- Aluminum body and hardened steel jaws
- Weight: 2lbs 12oz
- Patent pending spring-loaded Double-V jaws rapidly adjust to any pipe size within capacity in seconds
- Non-skid rubber feet secure the tool during operation and prevent marring
- Quick change jaws allow for replacement of top and bottom jaws in under 5 minutes with basic tools

APPLICATIONS:

- Assembly and pre-fabrication of pipe, fittings, and valves
- Light duty disassembly; not intended for breaking loose old fittings
- Soldering

P/N: APV02

CAPACITY:

- Intended for use with wrenches up to 18" in length
- Minimum: 1/8" Pipe
- Maximum: 2" Pipe and 1.5" fittings

FEATURES:

- Heavy duty aluminum body and hardened steel jaws
- Weight: 7lbs
- 15.5" L and 6" W
- Low profile handle eliminates interference with your wrench during use
- Quick change jaws allow for replacement of top and bottom jaws in under 5 minutes with basic tools
- MEGA handle for ease of carrying
- Patent pending spring-loaded Double-V jaws rapidly adjust to any pipe size within capacity in seconds
- Non-skid rubber feet secure the tool during operation and prevent marring

APPLICATIONS:

- Assembly and pre-fabrication of pipe, fittings, and valves
- Light duty disassembly. Not intended for breaking loose old fittings
- Soldering

ROUGHNECK

2" CAPACITY PORTABLE ALUMINUM PIPE VISE

The Roughneck is the most versatile portable vise in the Pipe Vise™ lineup. Not only is it light enough to carry in a tool bag, but it is also strong enough to break loose moderately tough pipe/fitting connections.

P/N: APV05

CAPACITY:

- Intended for use with wrenches up to 36" in length
- Minimum: 1" Pipe
- Maximum: 5" Pipe

BIG BOY

5" CAPACITY HEAVY DUTY PORTABLE ALUMINUM PIPE VISE

The Big Boy 5" capacity portable pipe vise eliminates the hassle of a massive tripod taking up valuable service truck space. This unit is ideal for steamfitting, refinery maintenance, and oil field pipe work. Bottom line, the Big Boy is the heaviest duty tool engineered for the most demanding applications.

FEATURES:

- Heavy duty aluminum body and hardened steel jaws
- Weight: 17 lbs
- 20" L and 8.5" W
- Over sized 1" thick heavy duty aluminum base for stability and durability
- Quick change jaws allow for replacement of top and bottom jaws in under 5 minutes with basic tools
- Low profile handle eliminates interference with your wrench during use
- MEGA handle for ease of carrying
- Patent pending spring-loaded Double-V jaws rapidly adjust to any pipe size within capacity in seconds
- Non-skid rubber feet secure the tool during operation and prevent marring

APPLICATIONS:

- Assembly and pre-fabrication of pipe, fittings, and valves
- Heavy Duty disassembly of pipe, fittings, and valves

AMIGO

1" CAPACITY SELF ADJUSTING ALUMINUM PIPE WRENCH

At just nine inches long and less than a pound, the Amigo will quickly become the go to wrench to keep in the tool bag. The compact size and spring loaded jaws make the Amigo ideal for tight working conditions. With precision machined teeth, the grip strength of the Amigo is unmatched!

P/N: ASW7-1

CAPACITY:

- Minimum: 1/2" Pipe
- Maximum: 1" Pipe

FEATURES:

- Weight: .85lb or 388g
- Length: 9" or 229mm
- Precision machined teeth
- Comfort contoured handle

APPLICATIONS:

- Assembly of pipes, fittings, and valves
- Ideal for tight working conditions
- Light duty disassembly.

P/N: ASW24-3

THOR

3" CAPACITY HEAVY DUTY SELF ADJUSTING ALUMINUM PIPE WRENCH

Thor may just be the world's largest spring loaded pipe wrench. While most large pipe wrenches are difficult to adjust, the spring loaded jaws on Thor rapidly adjust to any pipe size within capacity. Thor allows for easy transitions from pipe to fitting in a matter of seconds without having to fight any adjustments.

CAPACITY:

- Minimum: 1-1/2" Pipe
- Maximum: 3" Pipe and fittings

FEATURES:

- Heavy duty aluminum handle
- Weight: 9lb or 4kg
- Length: 27.5" or 698.5mm
- Spring loaded jaws rapidly adjust
- Precision machined forged teeth
- Comfort contoured handle
- Durable powder coat finish

APPLICATIONS:

- Assembly of pipes, fittings, and valves
- Ideal for working with multiple pipe sizes
- Heavy duty assembly/disassembly (use of cheater bars voids warranty)

14" ALUMINUM PIPE WRENCH

Every plumber needs a 14" aluminum pipe wrench in their tool bag. As with all Pipe Vise™ products, this one is manufactured using the latest in heat treating technology for the longest lasting and strongest bite on the market.

P/N: APW14

CAPACITY:

- Minimum: 1/8" Pipe
- Maximum: 2" Pipe

FEATURES:

- Weight: 2.3lb or 1043g
- Length: 14" 350mm
- Precision machined teeth
- Comfort contoured handle

APPLICATIONS:

- Assembly of pipes, fittings, and valves

14" ALUMINUM OFFSET PIPE WRENCH

The Pipe Vise™ 14" aluminum offset pipe wrench is manufactured with the latest in heat treating technology for the longest lasting and strongest bite on the market.

P/N: OAPW14

CAPACITY:

- Minimum: 1/8" Pipe
- Maximum: 2" Pipe

FEATURES:

- Weight: 2lb or 907g
- Length: 14" 350mm
- Precision machined teeth
- Comfort contoured handle

APPLICATIONS:

- Assembly of pipes, fittings, and valves

P/N: SW7-1

AMIGO STEEL

1" CAPACITY COMPACT SELF-ADJUSTING PIPE WRENCH

The compact size and spring loaded jaws make the Amigo ideal for tight working conditions. We guarantee the precision machined teeth will provide the strongest grip you have ever felt!

CAPACITY:

- Minimum: 1/2" Pipe
- Maximum: 1" Pipe

FEATURES:

- Steel handle
- Length: 9" or 229mm
- Weight: 1.08lb or 707g
- Precision machined teeth
- Comfort contoured handle
- Durable chrome finish

APPLICATIONS:

- Assembly of pipes, fittings, and valves
- Ideal for tight working conditions
- Medium duty disassembly

P/N: SW16-1

CAPACITY:

- Minimum: 1/2" Pipe
- Maximum: 1" Pipe

FEATURES:

- Heavy duty steel handle
- Weight: 2.75lb or 1.3kg
- Length: 17.25" or 439mm
- Precision machined forged teeth
- Comfort contoured handle
- Durable chrome finish

APPLICATIONS:

- Assembly of pipes, fittings, and valves
- Ideal for tight working conditions
- Heavy duty disassembly

AMIGO XL

1" CAPACITY EXTENDED LEVERAGE SELF-ADJUSTING STEEL PIPE WRENCH

The Amigo XL offers the same power as a traditional 18" pipe wrench at a fraction of the size. The Amigo XL was designed to be the most compact, sleek, and slim extended leverage pipe wrench on the market.

P/N: SW127-14

CAPACITY:

- Minimum: 8mm
- Maximum: 14mm

FEATURES:

- Length: 6" or 152mm
- Weight: .28lb or 130g
- Precision machined teeth
- Self adjusting
- Ratchet action
- Comfort contoured handle
- Durable chrome finish

MICRO 5

8MM -14MM NUT CAPACITY SELF-ADJUSTING MICRO WRENCH

The all-new Micro 5 is a self-adjusting spring loaded wrench that is ideal for small nuts and bolts located in tight areas. The spring loaded jaw of the Micro 5 offers seven wrench sizes in one small compact package that will take up little to no room in the tool bag.

APPLICATIONS:

- Small nuts and bolts
- Supply lines
- Toilet bolts
- Air lines
- Hydraulic lines
- Ideal for tight working conditions

P/N: SW254-14

CAPACITY:

- Minimum: 8mm
- Maximum: 14mm

FEATURES:

- Length: 10" or 254mm
- Weight: .45lb or 204g
- Precision machined teeth
- Self adjusting
- Ratchet action
- Extended reach handle
- Durable chrome finish

APPLICATIONS:

- Small nuts and bolts
- Supply lines
- Toilet bolts
- Air lines
- Hydraulic lines
- Ideal for tight working conditions

MICRO 10

8MM -14MM NUT CAPACITY EXTENDED REACH SELF-ADJUSTING MICRO WRENCH

The all-new Micro 10 is an extended reach self-adjusting spring loaded wrench that is ideal for small nuts and bolts located in tight areas. The spring loaded jaw of the Micro 10 offers seven wrench sizes in one small compact package that will take up little to no room in your tool bag. Specifically designed for hard to reach areas, the extended reach handle of the Micro 10 allows for comfortable wrenching on nuts and bolts in areas that are too small to accommodate a hand.

P/N: WPP10

10" SLIM JAW PLIERS

A pair of pliers are the staple of most any service bag. With forged pinch protectors and the latest in heat treating technology, the Pipe Vise™ 10" slim jaw self locking pliers will quickly become the go to pliers for day to day tasks.

CAPACITY:

- Maximum: 1-1/4" Pipe

FEATURES:

- Weight: .6lb or 273g
- Length: 10" or 250mm
- Precision machined teeth
- Induction Hardened
- Self Locking
- Forged Finger Pinch Protection
- Extra Slim Jaws. Only .27" thick

APPLICATIONS:

- Nuts, Bolts, & Miscellaneous Fittings
